• the Sherborne

The **Sherborne** is particularly suited to those needing to comply with strict conservation area requirements.

- 24mm sealed low heat loss glass for warmth and comfort
- TwinDraft gaskets to keep out those wintry blues
- Precision assembly and fitting for sound insulation
- High quality microporous paint to give that special look
- Heavy duty security fastenings to make you safe and sound
- Traditional engineered wood making for a long life
- 10 year guarantee to back up your investment
